## HELLENIC AFTER SEMI-FINAL BERTH

Hellenic moved a step closer to attaining that fourth spot on the table with their 4-1 win over Polonia at Perry Park on Sunday.

They now have to defeat Saints this Sunday to make sure of that position.

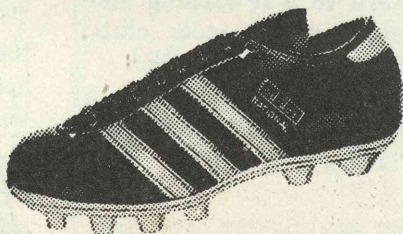

In this shot, fullback CHAS MATTERS gets Hellenic out of trouble with a good clearance past ROGER CLARK, with OWEN MONAGHAN moving in to support his Polonia teammate.

Others in the picture are referee ANGUS McDOUGAL and Hellenic left half IAN FAGAN.

## DO YOU REMEMBER?

Hollandia club certainly are not having one of their most successful seasons this year, but supporters no doubt will not have forgotten the date— Sunday, September 14, 1969.

On that day, Hollandia took part in one of the best club matches ever seen in Brisbane when they fought back to win a place in the Grand Final by downing the premiers Hellenic 4-3 in the No. 1 semi-final.

At one stage, Hellenic had the match at their command with a lead of 3-1 but an almost unbelievable comeback swept a storming Hollandia to victory.

Here's how the goals were scored in that match.

Hollandia led 1-0 at halftime against the run of play when left winger Hans Peterson set up Hugh Montgomery, who hammered a 30 yard ground shot past Angus McLean.

But the match looked all over when Hellenic piled on the pressure and the goals— three in 10 minutes— just after halftime.

Billy Fagan got the first when Andy Tsoumbaras slipped a perfect pass to the little winger, who rounded full-

back Ben Mollee and lunged at the ball to ram it past Kim Renfers.

The next two Hellenic goals were the result of handling errors by Renfers. He dropped a Fagan shot and in the ensuing scramble, a Hollandia defender "handled" and Alan May made no mistake from the penalty spot.

Minutes later Renfers again fumbled a shot, this time from Tsoumbaras, and Fagan was in the right position to tap the ball home, to complete the 3-1 lead.

Nippy centre forward Dale Mortimer then shocked the crowd and Hellenic with two quick goals to pull Hollandia level. His first was a header, which was the result of some stylish leadup work from Peterson and Gary Wilkins.

And the second was an opportunist effort when he pounced on a poor defence clearance by Chas Matters and slipped his shot past McLean.

Gary Wilkins could have crawled into a hole in the ground when his soaring drive, a winner all the way, smacked a Hellenic upright.

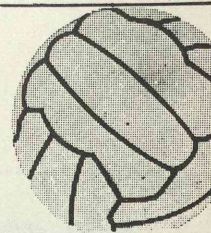

But he was rewarded with the winning goal, another powerful left footer, six minutes from fulltime.

The teams for that memorable clash were;

Hollandia- Kim Renfers, Ernie Deavin, Peter Steen, Ben Mollee, Jon Van Klaveren, Darryl Wilkins, Gary Wilkins, Allan Villers, Hugh Montgomery, Dale Mortimer, Hans Peterson.

Hellenic- Angus McLean, Con Petridis, Chas Matters, Mick Papasacas, Greg Davenport, Matt Jackson, Bill Fagan, Tony Murtagh, Andy Tsoumbaras, Alan May, Trevor Long.

For the record, in that year, Azzurri defeated thistle 3-0 in the Preliminary final, but later Hollandia captured the Grand Final when they downed Azzurri 3-0.

# BRISBANE JUNIORS ROUND-UP

By Stan Dye

## ILLAWARRA VISIT

Last weekend B.J.S.A. were hosts to the Under 10 rep. team from the Illawarra Amateur Soccer Association. The visitors played 2 games against Brisbane U.10 rep. team. The first game on Friday night under lights at Spencer Park, resulted in a 1-1 draw.

On Sunday Illawarra defeated Brisbane 2-1 at Perry Park. In both games the standard of soccer was high with the visitors showing good team work and ball control, and the benefits of being together as a rep. team for 3 seasons. On Saturday Illawarra played Zillmere 11A and defeated them 1-0.

The boys and their officials had an enjoyable weekend thanks to the efforts of B.J.S.A. Executive members, assisted by Brisbane U.10 coach George Harrison and the parents of Brisbane U.10 reps. On behalf of Illawarra manager Mr. K. Coad I would like to thank all those people who assisted us to make the weekend a success.

## BRISBANE UNDER 13 TOUR TO SUTHERLAND ASSOCIATION, SYDNEY.

The Brisbane Junior Under 13 Representative Team has returned from a successful tour to the Sutherland Association in Sydney. The fourteen strong squad under co-managers Keith Petrie and Bill Hinsbey played six matches during their eight day visit, including two matches against the Sutherland Association Under 13 Representative Team for the Len James Trophy, which is competed for annually by the Brisbane and Sutherland Associations.

WORLD TRAVEL IS  
AN EXPERIENCE WITH  
**QANTAS**

The team played four matches against the top Under 13 club teams in the Sutherland Association, winning all these matches without conceding a goal. Results of these matches were:-

Tuesday v. Miranda (minor premiers)  
2-nil (Scorer R. Clarke, 2)

Wednesday v. North Carringbah  
4-nil (Scorers W. Fisher, 2, Thompson and Vanderstam)

Thursday v. Gynea  
2-nil (Scorers W. Fisher, G. Williams)

Saturday v. Heathcote  
5-nil (Scorers G. Thompson 2, G. Williams, W. Fisher and B. Kathage)

In the first Representative game played on the Sunday the Brisbane boys did very well to come from two down at half time to draw the game two all. Scorers for Brisbane were W. Fisher and G. Williams. The second Representative game played the following day resulted in the only defeat of the tour, Sutherland running out winners 3-1 to retain the Len James Trophy. The only scorer for Brisbane was W. Fisher.

The tour was a great success both socially and soccer wise and although the boys had only been together for five weeks under coach Bob Millis they played good football and showed good teamwork throughout the tour, and there is no doubt that given sufficient time together for training our Brisbane Junior Representative teams can hold their own against their southern counterparts.

Team members were S. Petrie (capt), R. Clarke (v. capt), Peter White, Patrick White, I. Heywood, M. Blackall, S. Bassingthwaight, J. Clarkson, T. Watson, G. Thompson, W. Fisher, G. Vanderstam, B. Kathage and G. Williams.

## "MITCHIE NEWS"

Mitchelton took advantage of the break in the Junior fixtures to take three Junior teams up to "Doon Villa" Soccer Club at Maryborough on 14th and 15th August to play for the W. McCall Cup, which it is hoped will become an annual event.

Although Maryborough boys are lacking strong competition we found that the standard of football was surprisingly good. The results were:-

Saturday 14th:

U.9 Doon Villa 3, Mitchelton 0

U.11 Doon Villa 0, Mitchelton 0

U.14 Mitchelton 9, Doon Villa 2

Sunday 15th:

U.9 Doon Villa 4, Mitchelton 0

U.11 Mitchelton 2, Doon Villa 0

U.14 Mitchelton 5, Doon Villa 2

Mitchelton also took up to Maryborough four qualified coaches, who on the Sunday, gave a 2½ hour coaching class to all the Maryborough teams. They had an excellent roll up and were well rewarded for their efforts. The coaches informed me that there was a lot of talent among the boys, and felt that Maryborough has no worries about the future of Soccer if they continue to progress as they have done in the last twelve months.

## GOOD LUCK BOYS

On Monday our State under 16 team leaves Brisbane for Canberra to do battle with the other State sides in the National Youth Championships.

Accompanied by State coach George Pagan and manager, Wally Stevens, they will be attempting to bring the title home to Queensland for the first time.

From what we've witnessed in warm-up matches, they've got a second to none chance of achieving this objective. "Go Soccer" wishes the Under 16 team a safe and successful trip to the south.

## THAT HAPPY FEELING

What makes a footballer happy. To score a goal at a vital stage of a match of course.

And here is a prime example of that happiness. This happened back on August 1 when Hellenic played Hollandia at Perry Park.

Hellenic at one stage led comfortably 3-0 but Hollandia bounced back in the second half to score two goals and even looked likely to produce an equaliser.

But Hellenic's TONY MURTAGH weaved his way down the left wing, slipped past PETER STEEN, drew GREG HAYES out of his goal and scored one of the season's best goals single-handed to put Hellenic back on top.

In our picture, a jubilant MURTAGH awaits the equally joyful congratulations of halfback IAN FAGAN.

## Tense Battle for Survival & Final Four Positions

### MERTON v. AZZURRI (SUNDAY, PERRY PARK, 3.0).

With Azzurri now confirmed premiers for 1971, they are almost certain to produce a more relaxed approach against Merton than they did against Hollandia last Sunday.

An Azzurri loss would do them no harm as far as the semi-finals are concerned but their confidence for the semis could be affected if they happened to go down soundly.

On the other hand, Merton cannot afford a loss as a comfortable victory for Bardon over Wynnum on Sunday could enable Bardon to sneak into second place, with two bites at the Grand Final cherry.

Trevor Catchpole returns to Merton this week and will provide that power in midfield and attack which has been lacking in recent weeks.

Heath, Pattison and Bohan will be the main hopes for success against Perry, Nielsen, Clifford and Pinti, an outfit which was surprisingly a little shaky last week-end.

There could be some doubt on Ian Johnston, who is in brilliant form in the Azzurri attack, and who was injured in a collision with Greg Hayes on Sunday.

Should Johnston be missing, it looks as if Schoendorfer, Haigh, Dench and Connors are sufficiently well

equipped to make their presence felt against the hard-tackling Merton quartet of Clelland, Catchpole, Senjuschenko and Meagher.

Merton certainly have a little more to gain from this encounter and that little extra bit of determination could enable them to just finish on top.

### POLONIA v. COALSTARS (SATURDAY, PERRY PARK, 3.0).

This again is a match which does not mean a great deal to Coalstars but certainly could prove to be the saviour of Polonia.

A draw could even prove to be sufficient for Polonia, as even allowing for a Wynnum win over Bardon, Polonia hold a slightly superior goal average.

Their midfield football against Hellenic last Sunday was pretty sound, but like a couple of the other teams in the competition, are being let down by the inability of their forward line to produce goals.

George Whitaker, Eddie Musial and Derek Attwood should be capable of holding Coalstars out and relying on Wayne Walker, Syd Tucker or Roger Clark to provide a possible match-winner.

But it is still a mystery why Polonia selectors chose to leave constructive little winger Mick Anthony sitting on the sidelines.

Coalstars fought back well against Merton last week and more improved displays from Wal Kitching, Alex Cumming and Kevin Caldwell could enable them to produce that effort earlier in the match this time.

The Coalstars defence looks capable of dealing with anything that Polonia can serve up, with the reliable Barry Shreiweis backed by promising Andy Keddie, Errol Kreis and Frank Johnston.

Because of Polonia's desperate position, they too could manage the extra determination to pull off a much-needed victory.

### WYNNUM v. BARDON (SUNDAY, MARAMBA, 2.45.).

The entire Wynnum camp will be preparing for a real do-or-die effort against Bardon in this one as they battle for First Division survival.

No doubt if Polonia go down to Coalstars on Saturday, Wynnum will be provided with that little extra bit of heart needed in such a desperate situation.

But Bardon will not be an easy task, despite their unimpressive first half form against Saints last Saturday.

They will be hoping for a Merton loss and a win for themselves in order to slip into that vital No. 2 spot on the table.

But the Bardon attack will have to improve if they are to take advantage of the tremendous amount of possession supplied from midfield by Alan Sinclair, Eddie Carrigan and Gibby Rowan.

Wynnum certainly deserve a change of luck after their last two efforts and if their often suspect defence can find a way of halting the Bardon advances, then Sowden, Catchpole and Merrin could find enough match-winning opportunities.

Both sides will be going all out for success here, but Wynnum will play with plenty of fire and a draw certainly would not be considered a surprise result.

**HOLLANDIA v. THISTLE**  
(SATURDAY, RICHLANDS, 2.45).

The situation arises here once again where one team has a great deal to lose or gain while the other will not be greatly affected by the outcome.

Thistle must win and hope for Saints to beat or even draw with Hellenic on Sunday or they will be playing their last match of the season.

Hollandia improved out of sight against Azzurri last week and this now gives them a strong chance against Thistle, who struggled for quite some time before finishing on top of Wynnum last week-end.

Jim Ancliffe, Steve Pollard and Mike Culhana got amongst the goals, admittedly against a suspect defence, but their job will be much harder against the Deavin, Steen, Sunderland formation.

Alan Smith and Barry Allison are still tackling strongly in the Thistle backline and are unlikely to be placed in much danger by the depleted Hollandia forward line.

Thistle stopper Barry Dann was not quite at his top on Sunday but is also unlikely to be under severe pressure for any great period during the match.

Despite the home ground advantage and the improved display of last week, Hollandia should be on the losing end of a match, which will keep Thistle's semi-final hopes alive.

**ST. HELENS v. HELLENIC**  
(SUNDAY, BUNDAMBA, 2.45).

A win to Hellenic in this match and their long sustained run will have been climaxed with a deserved berth in the semi-finals.

They have played some outstanding football over the last month and on form would appear to be the chief threat to Azzurri's Grand Final hopes, if of course they can beat Saints and achieve that fourth spot.

They took a little while to get going against Polonia, but once Hellenic's midfield power began to take-over, Billy Fagan and Peter Walker had a field day and should be able to find that form again at Bundamba.

Another attacking stalwart, Andy Tsoumbaras sat out last week's match on the sidelines and most probably will be fit enough to regain his place this week-end.

But Hellenic's backline of Petridis, Mackie, Maxton and Matters are defending well and should not be greatly troubled by the team of youngsters that make up the Saints forward line.

Mark Walker, Tony Butcher, Peter Gemmell and Doug Dann will be Saints main hopes of holding back the Hellenic drive up front but it is unlikely that they will be able to achieve this object for the entire match.

Saints could prove to be a little troublesome on home territory at Ipswich but Hellenic's all round strength should be sufficient to carry them into the final four.

# On the Coaching Scene

By Sam Morgan

This week I must begin with wishing the U.16 State side and their officials a very successful tour in Canberra. The lads will be successful as it is a good side. Also the Coaches Federation wishes the boys every success, and sincerely hope they are triumphant.

This week we once again have a very interesting, continued subject in ball control from Fred Robins (Coach of St. Helens).

It is a well known fact that we have to have pre-season training. I would like to give my thoughts on the necessity of having peak fitness throughout the season, and this should be split into three periods. As we do not have the same playing season as overseas, approximately nine to ten months, we have to make it concise, and that would be April-May-June and July-August-September, and I repeat, the two months pre-season grind. If coaches go about it in the wrong way, you could be exhausted towards the end of the season.

This is the very time when that extra effort is needed to steal the honours. It is at the end of the season that trophies and titles are won, so you should be as prepared for the END of the season as for the beginning.

This basic idea of splitting up the season into three parts is to enable you to adjust your training according to the time of the year.

The early period is the time to build up strength and stamina gradually. Also conditions being good, the ground will be at its best on which to practice with the ball.

Don't forget heading practice. This is important, as you will quickly realise if you note, in any game, how often the ball is in the air. When the second

period (July & August) comes along, the amount of practice you can do with the ball will be governed by the fact that you will have daylight at weekend only - and then conditions could be less favourable for practice.

The third period should be body building exercises for the tough going grounds, such as in wet periods, even though our grounds here are not as heavy as overseas, we must be prepared for these conditions.

Press ups, pull ups, swinging from toe to toe - and these training periods should be under a qualified person. Power running also helps to develop strength. According to age, you should make short bursts at full speed over anything from 60 to 120 yards, with a 20-25 seconds break between runs.

Finally - don't be tempted to ease up towards the end of the season. Try to keep your pre-season keenness. For this period often requires that little EXTRA effort.

## CIRCUIT TRAINING Fred Robins (St. Helens Coach)

We know that circuit training is a method of fitness training that aims to increase muscular strength and endurance and circulo-respiratory endurance. That is when the coach incorporates it into his training schedule, but what I would like to do is help the player who would like to keep a general fitness through the close season without using up too much of his spare time. With the right approach to the circuit a player spending, say 15 mins every other day, would not find the pre-season training such a hard grind, and hence the resultant stiffness and aches that go with it.

The term "circuit" refers to a num-

ber of carefully selected exercises arranged, and numbered consecutively, about a given area. Each number exercise within the circuit is referred to as a station. This arrangement allows the performer to progress easily from one exercise station to another, doing a prescribed amount of work at each station, until the entire circuit has been completed. In most cases the circuit is completed two or three times, and the time of the total performance is recorded. Progression on the circuit is indicated by decreasing time required for performance, increasing the work load, or a combination of both.

Space prevents me from drawing up a schedule of exercises, plus a chart that is required to achieve the best results from the circuit, but I will endeavour to explain it.

First the exercises required to make up the circuit is usually eight (8). You may wish to do more, but I would not have less than eight.

1. The arms, shoulders and upper part of the body. PRESS UPS.
  2. The abdominal muscles. SIT UPS.
  3. The quadriceps and hips. STEP UPS.
  4. General. BURPEES.
  5. The body. ROWING.
  6. The lower leg. FORWARD AND BACK JUMPING.
  7. The abdominal muscles. LEG RAISING BEND TO THE CHEST.
  8. General. FULL SQUAT JUMPS.
- Continued next week.

## HOW THEY ARE FARING IN LOWER DIVISIONS

Oxley United's tenuous hold on the 2A Division title became a little shakier last week-end when they were held to a 1-1 draw by fourth-placed Annerley.

This now leaves them with 32 points, only one point ahead of Mitchelton, who have thrown out a strong challenge after their win over Dnipro.

So the battle to decide which team will replace either Wynnum or Polonia in First Division next year remains very much in the balance. Both Oxley and Mitchelton have a match in hand in addition to this week's final fixture.

\*\*\*\*\*

Former top First Division goalkeeper Nana Dvornicich's Hellenic side has assured itself of the 2B Division premiership, following their 1-1 draw with Mt. Gravatt last week-end.

Hellenic have a four points lead over Mt. Gravatt and Redcliffe (both 20), who are staging a great battle for the runners-up honours.

\*\*\*\*\*

The 2C Division premiership is still wide open with Polonia and the young Bardon-Latrobe side equal on 35 points at the top of the table, but Polonia have a far superior goal average.

The battle will be decided next week-end as Polonia have only to beat tenth-placed Toowong to hold their lead.

But one slip from Polonia and a win to Bardon over Wynnum and the 2C title will go over to Bowman Park.

\*\*\*\*\*

Olympic have the 3A Division premiership sewn up as they lead equal second teams Park Rangers and Germania by a commanding five points.

They look certain to finish in that order with Acacia Ridge (29) favoured to clinch the fourth spot in the semi-finals.

\*\*\*\*\*

Pine Rivers lead the 3B competition but are by no means home and hosed.

With 35 points, they are only one point in front of Booval Stars and both sides have an extra match to play as well as next week-end's final fixture.

Pine Rivers will meet middle-of-the-table Brighton next week-end while Booval face a tough match against third team Zillmere.

The fourth position in this division rests between Darra and University.

\*\*\*\*\*

Valley cannot possibly miss out on the 3C Division premiership, as they have a commanding lead over the nearest challengers Mitchelton and St. Albans.

Several results in this division have been missing for most of the season, so it is difficult to assess which teams will fill the top four placings.

# NEWS AND VIEWS

In the only premierships to have been decided, the Qld, Irish team has annexed the 4th Division premier-ship competition in the first year of their existence.

The three rounds of this division have been completed, and although second-placed New Farm have a match in hand, Irish lead them by three points.

The Wacol team has finished third, followed by Pine Rivers in fourth spot.

## FAMILY TRADITION

Current Ipswich selector Reg Erskine recently brought to light some interesting facts about his family's long association with Soccer. Reg said he wondered if any other families could supply information.

The first member of the family to take up this association was one Bob Archibald, who was Reg's grandmother's brother, and who played for Bundamba Rangers back in the 1890's.

Reg's father Peter was a foundation member of the equally historic Booval Stars club, which was founded around 1902 and he played football long before that period.

In turn, Peter Erskine's brother Bill played before the First World War, also with Booval Stars.

Reg Erskine's introduction to the game was as a spectator schoolboy back in 1924, when he would "run from Booval to Riverview and back just to see a First Division match".

Reg played most of his football with St. Helens and as well as holding the position of current Ipswich selector, also has been a State selector.

His brother, the late Bob Erskine, repped for Queensland during his long career.

Now the family association has been carried on by the younger members of the Erskine clan.

At the present time, the grandsons of his brother, Stuart and James, are members of the Coalstars under 9 team.

We'd like to thank Reg Erskine for this interesting information and invite anyone who can equal or better this particular record to drop us a line.

## BARDON'S LOSS

Bardon-Latrobe have suffered some losses on the field this season, but perhaps their saddest loss was that of club stalwart Charlie Noble, who passed away last Sunday night.

Charlie was one of the club's most dedicated workers and was a familiar figure at Bardon's matches either selling doubles or the odd raffle ticket.

Possibly his greatest wish this year would have been to see his club take out either the Qantas Cup final or even the Grand Final.

"Go Soccer", on behalf of the Soccer public extends every sympathy to Charlie's relatives and many friends.

## BARRICK BACK

Making his first appearance at headquarters on Sunday was Wynnum's snowy headed centre half Dave Barrick.

Barrick played for Thistle in his earlier days and no doubt would have been hoping for a win over his old club.

He was hailed as a most promising prospect until sidelined for a long period with a knee injury, but will prove to be a valuable asset for Wynnum in the years to come.

## WASHED OUT

Last week-end's wet weather forced a postponement of the much-awaited Colts clash between Wynnum and Thistle, who were scheduled to meet in the curtain-raiser at Perry Park before the First Division double-header.

Both sides are lying in equal first place in the Colts Division and Sunday's match would have been a virtual premierships final.

Obviously this match will be one in the "to be played at a later date, if necessary" category.

## SYDNEY VISIT?

The Federation is working on plans to bring leading Sydney First Division club Hakoah to Brisbane for a match against the State side before the end of the season.

A spare Sunday has arisen because the Grand Final will be pushed back a week to coincide with the Warana Festival on October 3.

Hakoah are in no danger of losing the Sydney premierships and with their strong contingent of Australian representatives will certainly give the State side a tough match.

Let's hope we can improve on the earlier 3-0 defeat at the hands of St. George.
