# A CHANCE TO

Young Brisbane soccer players are to be offered a chance to train and be coached in some of the best sports facilities in Europe.

A youth soccer tour to West Germany is now being organised and it is envisaged to take up to 30 boys, preferably aged between 13 and 18 years to Europe during the September school holidays.

The boys will be guided throughout the tour by a well-known Brisbane soccer personality who will ensure they get the best treatment possible. It will be the chance of a lifetime for the young budding soccer stars and could well be the platform which will launch them to not only to Philips League stardom but perhaps even trials with some of the top European clubs.

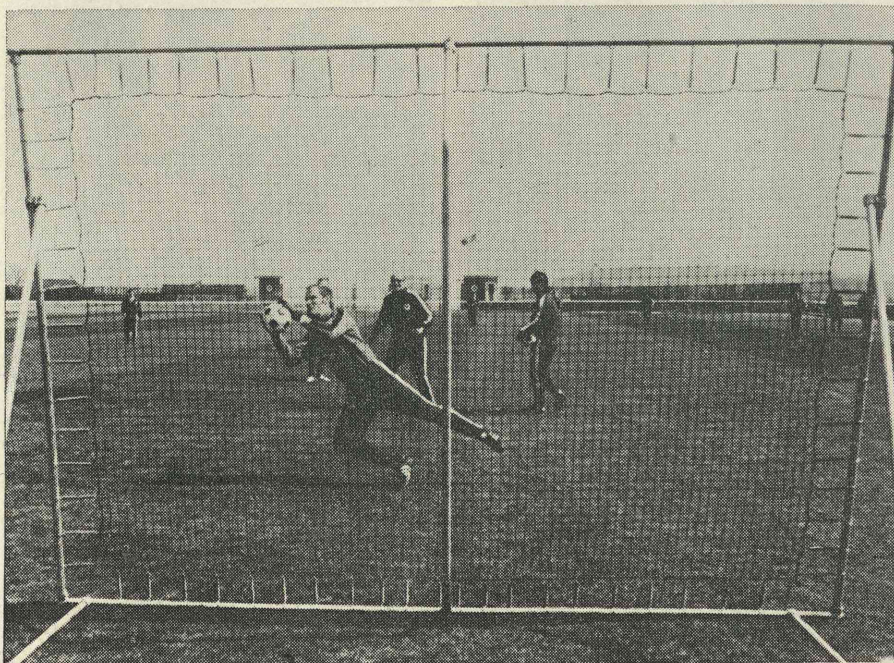

The tour will be booked into one of the leading Sports Schools in West Germany and could well train under some of the world's most respected soccer coaches. It is also highly likely that while the soccer tour is at the Sports School, other teams from the German Bundesliga and even from around the world, will also be using the facilities.

The planned itinerary for the tour also includes matches against similar aged teams from the Sports School and local areas. The benefit of the schools is recognised worldwide and proof of their success was demonstrated in Australia last season during the world youth soccer championships.

The winners of the Coca-Cola Cup, West Germany, spent a period of concentrated training in a West German Sports School before coming to Australia and the benefit of that preparation showed when they crushed Qatar 4-0 in the final.

The United States team, which played its first round matches at Lang Park in Brisbane and proved to be a strong and physical outfit, also trained at a German Sports School as part of their world youth preparations.

With that in mind, think of the head start for the 1983 season those who go on the soccer tour will have over everyone else.

Exciting equipment like this goalkeeper training net are commonplace at the German Sports Schools. The net, called a Katapult 70, rebounds the ball at high speed and various angles.

# GET THE BEST

And the big advantage of this tour is that it is not totally restricted to the youngsters and the itinerary is such that coaches are also welcomed as are any parents who might wish to turn the whole thing into family holiday. An example of the itinerary has been mapped out by representatives of Trans World Travel, who with the approval of the Queensland Junior Soccer Council, are organising the tour.

On Day One the tour will depart Brisbane, flying TAA to Sydney then board a Lufthansa jet to Frankfurt via Kuala Lumpur and Karachi. The tour will arrive at Frankfurt on Day Two and after transfer to a Hotel the remainder of the day will be free time.

On the morning of Day Three the tour will be transferred to the Sports School where the boys will be accommodated in comfortable rooms usually with four boys to each room.

The next four days the boys will work a specially-planned program under the supervision of highly qualified coaches. Every aspect of their game will be assessed with weaker points being drilled and strengths honed to perfection. During the four days teams will be formed and matches will be played, not only among themselves, but also against teams of similar ages and ability from other tours at the Sports School.

On Day Eight the tour will transfer to the Homestay Centre where the boys will be billeted with local German families for the next four days. During this time there will be a reception held by the local Mayor, soccer matches against local teams, visits to local schools and sports centres with informal meetings with German students, local sightseeing and a farewell party.

On Day 13 the tour will be treated to what no doubt will be one of the highlights of the trip — a six-day tour of sightseeing in the Rhine River area. The sites of planned new training centres and Homestay centres will be inspected and it is also likely one or two matches will be played during the tour.

On Day 19 the tour will depart Frankfurt, again flying Lufthansa and stopping at Karachi and Kuala Lumpur again before arriving in Sydney and then transferring back to Brisbane on Day 20 on a TAA flight.

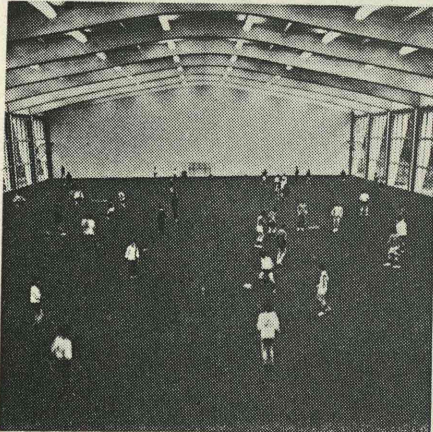

The proof of the benefit of the German schools was shown when West Germany won the world youth championship in Sydney last year.

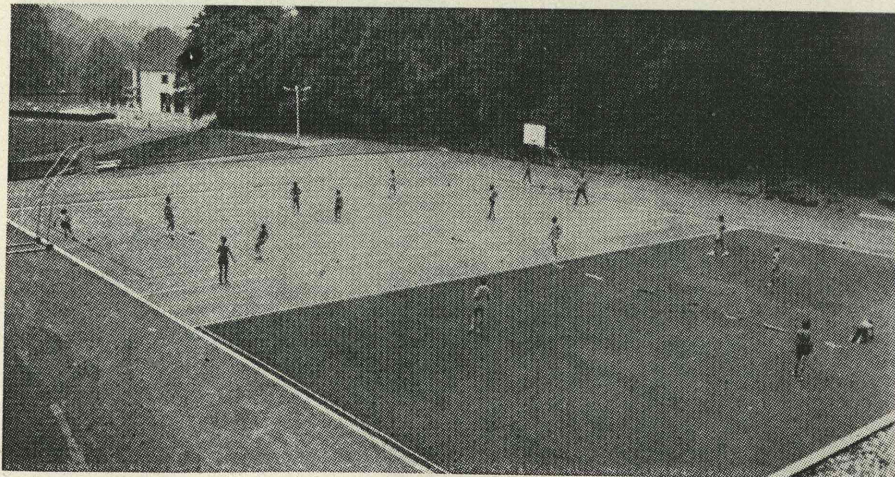

In 1974 the Socceroos also benefitted from the use of the German facilities. Pictured here is West German defender Berti Vogts tackling Australian striker Peter Ollerton, now player-coach of Preston.

# West Germany has

In line with typical German perfection the Sports Schools are well appointed and their operators leave no details to chance. Although the tour organisers have not finally settled on which Sports School to use as there are so many and all of a high standard. A typical example and one which could very well be used is the Sports School-Sports Hotel at Grunberg, only a short drive from Frankfurt. The

Magnificent indoor stadiums like this one are a feature of many of the German Sports Schools.

Use is also made at the schools of vast outdoor training facilities like the basketball courts pictured here which are used for five-a-side games.

school has 103 beds in one or two-bedded rooms and a further 107 beds in the training rooms.

Many of the rooms have their own toilet, bathroom, balcony and direct dialling telephone. The facilities at Grunberg are second to none. In addition to convention and discussion rooms, there are lecture rooms and conference rooms and the amazing sports hall, an indoor stadium which is ideally suited for games of small-sided indoor soccer.

Other facilities include spacious outdoor sports grounds, tennis courts, indoor swimming pool, saunas, running tracks, forest tracks and a fully automatic bowling alley.

The Grunberg Sports School is owned by the West German football association and is in and financed by the state of Hessen. It works to the motto — "whoever arrives as a stranger, departs as a friend." The school offers a wide range of international cuisine and a large selection of drinks, all served with well-known first class German service.

Any parent who is interested in giving his son the chance of making it in the big time, and at the same time letting him see another part of the world, will want to send him on this tour.

Similarly it is a chance for club members to band together and send the cream of their youngsters. Perhaps the best and fairest of a particular team or even the

# all the facilities

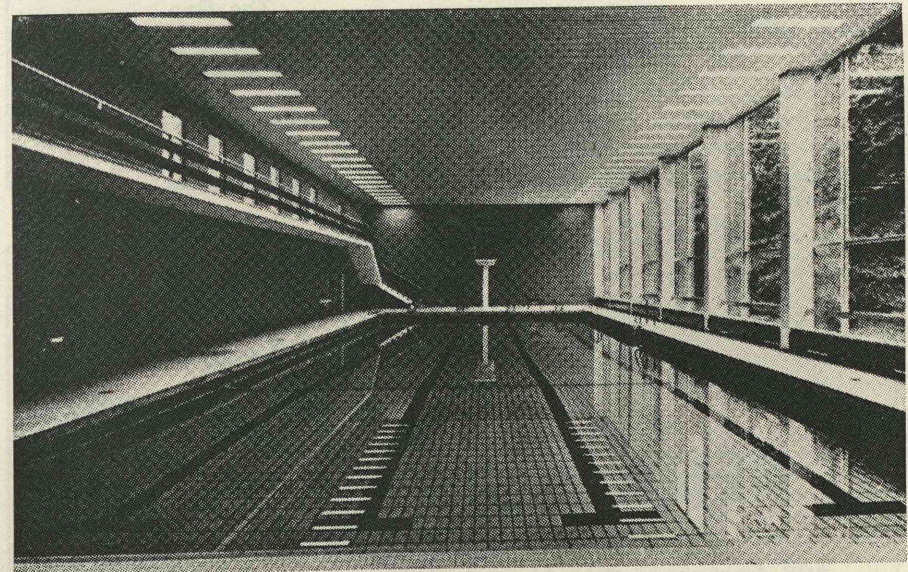

most improved this season. It would only take a few fund-raising activities to accumulate the fare needed and the work put in now could be a worthwhile investment for the club in the future when the benefits of top coaching in their juniors will show on the senior playing fields.

There could be a budding Craig Johnston, David Mitchell or Mark Koussas in your club and a soccer tour like this might just bring him to the fore.

The cost is expected to be in the vicinity

of \$1850 which on current international air travel prices is a real bargain. The only additional cost will be for lunches on the tour of the Rhine River and of course, some spending money although little is needed by students while they are in the Sports School.

But the outlay will be returned alone in the high standard of coaching the youngsters will receive and the knowledge, confidence and skills they will return with will be priceless.

Many of the Sports Schools have world class facilities like this indoor swimming pool at the Grunberg complex.

## WHAT TO DO NOW

If you are interested in sending your child or even a member of your club then the best thing to do now is to act quickly. Options are held on several Sports Schools in West Germany and bookings must be confirmed shortly as there is a long waiting list of other tours from all parts of the world wanting to use the facilities.

Anyone interested should contact the representatives of Trans World Travel, at Kenmore Village Shopping Centre, Moggill Road, Kenmore or by telephoning 378 8555.

But do it now as this opportunity won't last forever and only a limited number of boys can be booked in. It would be a shame for your son or club member to miss out.

## THE VALLEYS' ECHO...

Anzac Day saw a revival of Valley Trident's fortunes after the lapses of the previous weekend and our State League team recorded their first fixture win.

The club, and some of its loyal supporters, visited Twin Towns on the Gold Coast and were rewarded when John Kennedy volleyed the ball through a crowded penalty area to give us a late winner.

Earlier Valleys had translated their dominance into a goal from Dennis Lockhart, which capped a fine, aggressive display from the midfielder. When Twin Towns equalised, due to a strangely hesitant Valleys defence, the Blues lost their rhythm and Twin Towns came much more into the game and even threatened to snatch a winner themselves.

In general the Valleys team played more settled football than last week with added bite in midfield due to the inclusion of Lockhart and Gerry Lindsay while Richard Shortman seized his opportunity to play a strong game at fullback. Changes remain probable however before the team starts to satisfy perfectionist coach Mauro Saftich.

The return to form though was not confined to our State League side and the Valleys flag was flown high by the Senior Colts team which remained undefeated in the tough 'A' competition when they drew 1-1 with Mount Gravatt.

The seventh division side travelled to

Pictured at right is former Mitchelton and Frenchville player Richard Shortman, who played a good game at fullback for Valleys against Twin Towns.

Toowoomba where they were involved in a high-scoring game against Willowburn. The local team finally squeezed home 5-4 but an injury to the Valleys keeper may have affected the scoreline to some extent.

The SEQL side also travelled to the Gold Coast to play Twin Towns and the team deserves praise for its gutsy 1-1 draw. The game looked like repeating the pattern of last week when Valleys, after making all the play, were unable to find the net. In the end Valleys, after conceding a goal earlier, equalised with only four minutes remaining.

One satisfying aspect of the game for Valleys coach Dave Heywood was the solid defensive partnership established between Roberto Monteverde and Renato Iovenetti.

**Although we had last week off because of Ampol Cup matches the State League team by no means rested.**

The side has been training hard for our next Perry Park game, against Nambour Reds this Sunday at 3 p.m. The team was a little despondent when it let down the many fans who turned up when Across the Waves ran out 2-0 winners in the first fixture and are determined to make amends this week.

But Nambour should be by no means under-rated. For a start they have local talent like Neal Daines and Kim Cox combined with experienced State League campaigners like goalkeeper John Bennett defender Pat Leathan and midfielder Alistair Pagan, whom coach George Pagan took with him when he made the move from Grange Thistle.

Nambour drew 1-1 with Capricornia in their first fixture then pulled off an even more amazing result when they held the powerful Ipswich United to the same score in the second round.

But Valleys coach Mauro Saftich has drilled into his side the importance of not underestimating the opposition and the Blues this weekend are confident of giving their fans plenty of entertainment.

We look forward to seeing everyone who was there last time and even more people at Perry Park this weekend to cheer the mighty Valleys to another victory.

# A NEED FOR CHANGE

A letter to GO SOCCER from independent contributor — OFFSIDER

About twenty years ago a small group of clubs wanting a better deal for soccer than was being provided by the governing body broke away to form the Queensland Soccer Federation.

In the initial year the Federation attracted only a small number of clubs, and, although it was confidently expected that they would be joined by other clubs who at that time had remained with the Association, I don't think anyone was able to foresee the growth of the body, particularly in the Brisbane competition.

As I recall some of the reasons given for the breakaway included:

1. That the code's development was being stifled by lack of a professional outlook on the part of the governing body.
2. The major clubs of that era did not have sufficient say in decisions affecting only those clubs because of inferior voting strength as compared with that of the lower divisions Club delegates, who, it was said were easily manipulated by the governing body.

In the initial stages of Federation, the Association continued to function, and, in doing so catered for those clubs of amateur and/or special type status. Those years provided the best organised and most prosperous years the code has yet seen in this State. However, since the death of the Association there has been somewhat of a return to the previous status quo. There is a need for change.

Those with foresight saw this possibility and took steps to avoid the code again being controlled in its decision making by those amateur or social type clubs. The effect that — The voting strength of

clubs in the then top two divisions i.e. original constitution included a clause to Division 1 and 2, could not be exceeded by that of the clubs in the lower divisions, hence the two votes allowed to those clubs as against the one vote of the lower clubs. Unfortunately, somewhere along the line, and apparently without being noticed, this clause did not appear in later copies of the constitution.

No one I have spoken to can recall the constitution having been amended, in the proper manner, to have this clause excluded. And so with the seemingly uncontrolled growth of the Brisbane competition the lower division clubs with their combined superior voting strength can, and do, rule the roost by taking part in decisions which, in fact, are none of their business. There is a need for change.

It seems the only qualifications necessary to join the Federation are the ability of a group of people to form a team, afford a set of strip and a ball, have an area of ground on which to kick that ball, and pay an affiliation fee. They then become a club and have a voice in the affairs of clubs whose investment in the code amount to hundreds of thousands of dollars. This is not good enough. There is a need for change.

There is a talk of a restructuring of State League. I contend that there should also be a restructuring of the Brisbane competition.

Competitions in country areas are organised and controlled by local associations, each of which is affiliated with the Q.S.F. The sole function of these bodies is the organisation and controlling of the code within their own little areas. The clubs under their control have no say in the affairs of, say the State League. Why then should those clubs in the Brisbane competition? None of these bodies is responsible for the control of a competition anywhere near the size of the Brisbane competition and yet they have nothing else to do. Why then should the management committee of the Q.S.F. be responsible for the organisation and control of the massive Brisbane competition in addition to their other functions? They are expected to do all these things and still function efficiently. In all fairness to them they cannot. Therefore, there is a need for change.

Having in mind those halycon years of the infancy of the Federation the changes I would suggest are these:

1. A return to the situation which existed in those years with the Federation being responsible for the organisation of only the State League and Divisions 1 and 2 of the Brisbane competition. The remainder of the Brisbane competition to be split and administrated by Brisbane North and South Associations which would be similar in composition to country bodies.
2. These associations to be autonomous operating independently, but under the rules and supervision of the Q.S.F.
3. Strictly amateur status within these associations.
4. Clubs in the competitions controlled by the Federation be required to field, and be restricted to, Divisional and Reserve teams and Colts. All teams of the clubs to play at the same venue on the same day.
5. These clubs be required to foster junior football in a realistic manner and not a token manner as has been the case in some clubs in the past.
6. Promotion and relegation in the normal manner with the same conditions as Phillips League with clubs finishing at the bottom of the lower division having to complete with aspiring clubs from the associations for re-election.
7. Election to those divisions being determined by conditions which could include standard of facilities, recent playing performances, stability of club administration, financial considerations, and suchlike.

The benefits I see arising from such changes are:

1. A lessening of the work load of the Queensland Soccer Federation management committee, thereby leading to more efficient administration and organisation.
2. The separation of Federation and Association Councils would allow decisions at each to be more in line with the needs of the clubs within the separate organisations.
3. The strictly amateur status within these ranks would allow clubs to concentrate their finances towards development of

facilities etc., thereby increasing their potential for future higher gradings.

4. The restricting of the number of teams within the higher division clubs would have a threefold benefit. (a) To those clubs, less teams to outfit, insure, and to generally provide finance for. (b) Those fringe dweller players not quite good enough to make a regular place in a higher division would have to go elsewhere to play and thus the lower divisions would benefit by gaining their services. (c) This would mean a more equitable distribution of players amongst the clubs rather than large concentration in some clubs as is the case at present.
5. The playing of all of a clubs senior fixtures at the one venue on the same day would concentrate the clubs support rather than fragmenting it to various locations, often at the same time. This can only lead to larger gates, and closer knit clubs. It is often frustrating for younger players to be playing in situations where the senior coaches do not have the opportunity to see them play and thus cannot really gauge their ability.
6. The potential for better administration at all levels combined with the simplicity of organisation of competitions, at both levels, and the organisation of teams within clubs could do nothing but revitalise our rapidly stagnating code, and this is something that we would all dearly love to see.

I know that some of these suggestions, or perhaps all, are not going to be popular in many areas. Those who can see no further than their own personal or little club worlds won't like them, but, I can assure you that unless something is done, and soon, then the possibility of a rerun of the events of the early 60's is a very real threat.

**THERE IS A NEED FOR CHANGE** and if those charged with the administration of our code do not recognise this and do something about it, then, perhaps, that is where the first change is needed.

What do you think of OFFSIDER'S suggestions? Write to GO SOCCER, c/- 61 Amega Street, Mount Gravatt, 4122.

# ANNERLEY ANALYSIS

by Bill Williams

## FIRST DIVISION

### ANNERLEY 2 d EASTS 1

The highlight of the first 20 minutes was when our keeper John D. managed to deflect a good shot with his fingertips onto the post, and then gather the rebound before Easts could tuck it away. Almost straight away, Brian Hudson laid on a ball from the right and Wayne Cook was there to put away the opening goal for us. Ten minutes before half time, Brian Lampitt had a good chance but shot wide, and then put one just too high to score. At half time we had a handy 1-0 advantage due in no small way to some stalwart defence from Phil Hall and Roy Smith.

Midway through the second half, when one promising attack broke down, Easts swept down the park and equalised. After that Easts got on top and it became a matter of whether we could hold out, until we got a penalty for handball with only a couple to go. Brian Lampitt made no mistake and we recorded our first win of the season 2-1. It was well deserved against a tough team and it's about time the ball ran for us, as the team has been playing well.

## RESERVES

### ANNERLEY 3 d EASTS 1

On a beautiful day with the park in great condition, we were inspired from the kick off and a good 50 metre run by Laurie Christensen almost had the desired result. After 15 minutes a ball from a defender to attacker Michael Hurst again almost had us in front, and when Easts keeper brilliantly saved a John Bridge shot, we wondered if we would find the net.

Despite many more attempts, Easts defence held and we could not score. The visitors came back into the game 10 mins. before the break and almost scored, but there was no advantage to either side at the interval.

At the 50 minute mark, we scored from close range through John Bridge to take the lead. Fifteen minutes later, another half field breakaway by Laurie Christensen saw him score easily past the keeper. With 15 minutes to go, Easts scored well from a free kick well out to make it 2-1. From a corner John Bridge scored again through several deflections, and the final

score was 3-1 in our favour. Good efforts for us came from Michael Hurst, Nigel Fisher and the goal scorers.

I am pleased to report that manager Phil Hurst is recovering well from his operation, although he has tubes poking out all over. Hurry back Phil, we miss your ready wit — and some slight knowledge of the game!

## FOURTH DIVISION

### ANNERLEY 2 d VIRGINIA 1

We played away at Bishop Park against Virginia and took a while to settle.

With the bad bounce of the ball, and quite a few near misses, we went off at half time down 0-1. We seemed to settle early in the second half and strung a lot of good passes together. Midway through the second half, Phil Hurst scored after a goal mouth scrap. The defence held well and kept pushing the ball up. A few minutes later, Mark Milgate scored a great goal after Dale Streten placed the ball beautifully at his feet behind the defence. Scott Hartley kept us in the game with some great saves and a good solid game by Mark Sims in defence. Congratulations lads for your first win!

## FIRST DIVISION LADIES

### COALSTARS 3 d ANNERLEY 1

After a very exasperating few hours where kick off times were mixed, we eventually had four teams ready to kick off at 3 pm. After many arguments the First Division played. Our original goalkeeper, Debbie Saphios broke her wrist while warming up before the game and her replacement badly sprained her shoulder within the first few minutes of the game and her replacement Vera O'Donavin, God bless her, saved a penalty late in the game. We again had another injury, when one of our best players on the day, Leslie Arkinstall, took a tumble and badly sprained her elbow.

At one stage, three of our girls were seeing each other in the X-ray room at the hospital. Julie Loskill scored our only goal and we eventually lost 3-1. Not a bad effort considering the problems we faced earlier in the day. We certainly hope that our injured girls have a speedy recovery.

# RIDGE REPORTING

by Mike Collins

## FIRST DIVISION

### ACACIA RIDGE 3 d MITCHELTON 0

After a three-week lay-off, this was a very good win for the Ridge, although in fairness Mitchie were very disappointing on their form in past seasons.

The game started at a furious pace with Mitchie doing most of the pace setting and against the run of play they were rocked by a great solo goal by Randall Jackson after only five minutes when he beat five players in the area before scoring.

Jackson was again unfortunate when he struck the upright with the keeper well beaten later in the game but made amends in the 19th minute when following up a shot at goal which the Mitchie keeper failed to take cleanly and Jackson made it 2-0 to the Ridge.

The score should have read 3-0 after 31 minutes when a cross by John Gillespie found Nev Cruickshanks on the far post but his header was well saved by the Mitchelton keeper. Throughout this half any shots Mitchie had on goal were restricted to outside the area and their best efforts were from Green early in the game and a cracking shot from Orford just before halftime. But on each occasion Ridge's Rob Farrow was equal to the shot with a flying save. At halftime the score was 2-0.

After the break Mitchie looked like they might get back into the game as they pressed hard for the first 20 minutes but to their credit the Ridge defence held out well and any resistance Mitchie had put up was dispelled after 71 minutes when out of the blue Jimmy Spence scored a cracker from 25 metres which gave the keeper no chance. He nearly scored again shortly after but his shot this time was well saved by the Mitchie keeper who was having a blinder at the time — taking the ball off Gerry Kay's feet when he looked certain to score and plucking one out of the air from Jackson and he probably deserved his stroke of luck when Kay hit the upright just before fulltime.

## RESERVES

### ACACIA RIDGE 1 drew with MITCHELTON 1

This was a very scrappy game and a draw was a fair result. The Ridge just about deserved to be 1-0 up at halftime through a goal from Gary Jackson following up on a Nick Griffin shot. Mitchie hit back with a well taken goal after 49

minutes and could well have taken the lead a few minutes later but missed an open goal.

Best for Ridge were hard working Scott Evans up front and Cliff Almono at the back while the high spot of the game was the duel between midfielders Peter McKenzie (Ridge) and Paul Fagan (Mitchelton) who must be knocking on the door for the first team on this showing.

## SENIOR COLTS A

### ACACIA RIDGE 4 d CAPALABA 1

A highly entertaining game of football which would put a lot of senior games to shame. The Ridge got off to a dream start, scoring after only two minutes when Scott Evans burst through the Capalaba defence. It was nearly goal number two a few minutes later when Luke McKenzie hit the back of the far post from 25 metres.

Capalaba hit back with a well taken goal after 25 minutes to even the score then both teams had good chances to go ahead before the break but poor finishing let them down. After halftime the game looked as if it would finish in a draw but then the flood-gates opened for the Ridge in the 73rd minute when Tony McVie scored after being set up by Scott Evans. Substitute Johnny Miller sealed the game in the last 10 minutes with two very good goals to give the Ridge a 4-1 victory.

I congratulate both teams for an enjoyable game of football — none so more than the Capalaba keeper who got through a mountain of work yet I don't think I have seen a player on a losing team have so much fun as this lad. He was a great character and that is what playing any game of sport is all about. It is a pity we have not got a few more like this lad.

## SPURS LOSE ARDILES ?

**BUENOS AIRES —** Tottenham Hot-supr's Argentine international Osvaldo Ardiles no longer wants to play in England because of the dispute between Argentina and Britain over the Falkland Islands.

Ardiles, who left England early in April to join Argentina's World Cup squad, was quoted as saying: "I don't believe I will return to Tottenham and I don't want to."

Spurs retained the right to recall Ardiles for key games if necessary, but his release was arranged before the dispute broke out.

## MITCHELTON STABLE TALK

by Stable Hand

### FIRST DIVISION

ACACIA RIDGE 3 d MITCHELTON 0

After playing a top game away against Wynnum the previous week and still going down by one goal, we were perhaps still a bit frustrated when we faced Acacia Ridge for the third round. Whatever it was we did not look anywhere near as good and after a bit of a scramble and a dive by their forward, the ball ended in the net. Several minutes later with a free shot they hit the post and about the same interval later a fumbled ball was put away to make them 2-0 up.

Ten minutes later Dave Gallagher pulled off a top save and with only five minutes to half time, a well hit free kick by Garth Jones produced a duplicate by their keeper. The goal of the match came 20 minutes into the second half when a drive from 25 yards hit the cross bar and skidded into the net to make it 3-0 to them.

They were keener and faster than us and got their reward which we were denied by Wynnum's keeper the previous week.

### RESERVES

MITCHELTON 1 drew with ACACIA RIDGE 1

The first 30 minutes was more our way than theirs but as so often happens they then found the net to lead 1-0. Only two minutes later they headed a corner over the bar. In the second half it took only three minutes for Dale Naylor to put away a good ball from Wayne Marstella to even the score and prospects were brighter. However poor defence and finishing on both sides left the fulltime score at 1-1.

### SENIOR COLTS A

NORTH STAR 2 d MITCHELTON 1

We were the visitors for this game and unlucky with a couple of early shots but still had our share of the game which see-sawed for most of the first half.

Only five minutes to halftime and Wayne Marstella chased a long ball up the right wing, beat the defence. Ten minutes into the second half they crossed a ball from the right wing which our keeper, looking into the sun, didn't take properly and they equalised. Only minutes later they got a penalty which made it 2-1 to them.

For most of the last 30 minutes it was our game with a number of near misses. I thought we were denied a penalty for handball just before fulltime through which we could have equalised.

### FOURTH DIVISION

TARINGA 3 d MITCHELTON 1

The second of our games at Taringa and not really an impressive game which was not improved by some of the refereeing decisions made. The first half was scoreless but it was only five minutes into the second half when they bent a freekick around the wall for a beautiful goal.

Two minutes later a penalty was put away to make them 2-0 up. Nearly 15 minutes later after some good lead up work, Jim Mills put the ball into the net to make the score 1-2. A few minutes after they had a shot from the wing which skidded off the post, across the goal and put back in off the post it hit the first time.

Within the last 15 minutes we had a player held back by the shirt, and prevented from getting the ball and another struck in the back in the penalty box as the ball was landing at his feet and no freekick for either. I'm not saying they didn't deserve to win but we were denied chances of scoring.

### SEVENTH DIVISION

MITCHELTON 1 d TARINGA 0

Unfortunately — didn't get to see this game which was disappointing because it was our only win for the weekend. However after having to forfeit the first round and going down 5-2 in our second match, compounded by the fact many of the players in the team are new, it was very encouraging to come away with two points.

## VILLA SEND A REPORT

**LONDON:— English champions Aston Villa were not represented at the recent European Football Union (UEFA) hearing in Zurich into crowd trouble at the European Cup semi-final against Anderlecht of Belgium.**

But the club submitted a detailed report on the incidents. It is understood they blamed Anderlecht for the disturbance and had the backing of Britain's Sports Minister Neil Macfarlane.

Villa drew the match 0-0 to win 1-0 on aggregate and go through to the final against West Germany's Bayern Munich.

Anderlecht asked UEFA to expel Villa from the final or at least order a replay of the second-leg match.

Villa fans clashed with police and Anderlecht supporters and play was held up for nearly 10 minutes in the first half.

## THE DARRA DATELINE

by 'The Maltese Falcon'

**Darra United were at home to Grange Thistle for their first-ever visit to our ground and Darra were let down badly on two accounts.**

Firstly the attitude of certain so-called ex-State League players on and OFF the park and secondly, the response given to Darra's coach Brian Addison's invitation to Grange to join them in the clubroom after the game. Not one player or supporter — exclude Wally Dann and Barry Allison — even bothered sharing our facilities.

How are the smaller clubs supposed to get ahead if this continually happens or was it just bad sportmanship from Mr. Fagan and Co. Don't forget we have to visit your club, so see what happens then, win, lose or draw.

### FIRST DIVISION

DARRA 1 drew with GRANGE THISTLE 1 — As for the game, Darra were put under pressure from the start and some fine work by John Paterson and Ross Swan kept the Darra defence on their toes. But it was Darra who had the first great chance of the match — Mark Kelsey's corner found Ron Hartley's head who steered the ball just past the post.

Five minutes later the same two players repeated their act with the same result.

Five minutes before half-time a fine chip pass found Kenny Gordon's head and he gave Harry Bown no chance.

Ten minutes into the second half Mark Kelsey landed another good corner which allowed veteran half back Matt Jackson to score with a great volley from close range.

From there on both defences got on top and scoring chances became very limited. Substitute Trevor Thompson probably could have won Darra the game with his first kick, but was caught by surprise. Likewise Gordon could have had a winner three minutes from time but his header sailed just wide of the post. But on the day a fair result, 1-1.

Grange were well served on the day by Mark Aponas, John Paterson and Wilson Maclaua while Darra's best were Steve Travers, Matt Jackson and non-stop runner Mario Premierl.

### RESERVES

GRANGE THISTLE 3 d DARRA 1

Our reserves lost this game in the first half. Three opportune goals and we were 0-3 down at halftime. But in the second half Darra got their act together and "Slim" Invelito and Dragi Simjanoski worked very hard. Darra's goal was a penalty taken by Simjanoski. Hard luck but keep trying boys!

## COUNTRY ROUND-UP — STANTHORPE

by Mike Hilton

**The main game this weekend will see arch rivals Carlton clash with Stanthorpe City (formerly Norths).**

Both sides have had success over each other in the past couple of seasons, and as those games have produced fireworks, this one should be no exception. Carlton knocked City out of the competition in last year's preliminary final and went on to win the premiership.

Carlton has three ex-City players in Steve Tomasel, Charlie Spenanze and Nick Pregnalto, who along with the rest of the side will be out to prove last year's win was no fluke. On the other hand, City now have a new name and a few new players. The players to add some thrust to an already talented side are ex-Carlton player Steve Fryce in goal and Greg Harris at centre-forward. Alongside Harris will be Ricky Chapman, Andrew Willocks and hopefully Micko Vocpato.

Vocpato is under some sort of a cloud because of a rib injury. The main thing could be whether both sides come through

the Ampol Cup fixtures without suffering injuries to their players who are involved.

Sad news on the referee front, popular ref. Snow Ryan suffered a very bad leg injury last week and looks like being side-lined for a couple of weeks. The referees would like any ex-players or supporters who would like to help out to contact their association. All soccer players and supporters wish Snow a speedy recovery.

—oOo—

### LATEST TABLE

Warwick	4	1	1	2	6	6	3
Carlton	4	1	1	2	6	8	3
Tenterfield	4	1	—	3	5	12	2

# GILROY WAS ANGRY!

An angry Joe Gilroy said his team had let Preston "off the hook" in Lions' 1-1 draw in Melbourne last week.

"We should have gone on to beat Preston after establishing its superiority after half-time," Gilroy said.

"Their goalkeeper definitely saved Preston. All we need is a little more patience in building up play. When that is perfected we will have an excellent side," he said.

Preston made four changes to the team that lost 1-4 to Marconi the previous week.

Steve Potter, Lube Petrovski, Richard Miranda and John Little replaced Richard Wilson, who left for Auckland to join the New Zealand World Cup team, George McMillan, who was injured, Steve Beech and Gary Ward who were dropped.

Doug Brown scored for Preston in the fourth minute, slotting the ball neatly past goalkeeper Nigel Lowndes after chasing a long clearance from Miranda. But Lions forced Potter into action immediately and he had to save two good shots from Ron Millman.

Millman broke through in the 36th minute to score his seventh goal of the

season. Potter could only parry a hard free kick by Alan Niven and Millman raced in to put the ball into the net.

Potter made a brilliant reflex save from Billy Williamson just after half time, then Preston had another lucky let-off in the 82nd minute when a long cross by Niven bounced off the far post to Danny Wright, whose shot hit the bar.

**Lions this Sunday are at home to Wollongong and a win will take them again to within striking distance of a top four place.**

It is a similar situation Lions were in prior to the match at Richlands against Marconi three weeks ago, but in that game they played poorly and lost 0-1 to plummet to mid-table insignificance.

But two good draws against top opposition over the past fortnight have signalled a return to form and the men in orange and blue should prove too strong for the Wolves, whose revival over the past month appears to have ended.

Brisbane Lions stopper Col Bennett, pictured here flying through the air after heading away a ball in the Charity Shield match against Sydney City, is again having a big season and no doubt will be in action against Wollongong at Richlands on Sunday.
