Coaches play musical chairs

This year's XXXX League has undergone a substantial facelift with some major changes in coaching staff.

Six clubs have taken on new coaches for the upcoming season, with four of the new faces in their first stint in the XXXX League.

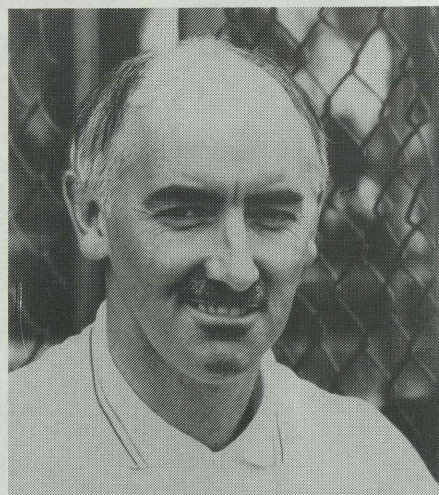

Former Willowburn coach, Gordon Arrowsmith has moved to Brisbane Lions, where Billy Williamson (pictured) left a vacancy to take on the duties at North Star.

Steve Pennells resumes at Willowburn, while Walter Oldenburg takes over from Calvin Daunt at Eastern Suburbs, and Gerry Lindsay replaces Dave Scriggins at Pine Rivers.

Promoted Grange Thistle make their comeback minus the services of last year's coach Ken Stead, who left a hole for player/coach Danny Docherty to move into.

Last year's XXXX League finalists Taringa (Juan Cutillas), Coalstars (Wayne Warren), North Brisbane (Gary McDowall), Rochedale (Kim Wishart), and Wynnum (Wayne Gracey) have all been able to retain their coaches from last season, as have the other promoted side, Brisbane City (Bob Hamilton).

Exiting from the XXXX League coaching ranks are former Eastern Suburbs coach Calvin

Daunt, last year's Coach of the Year Miron Bleiberg (North Star), and Dave Scriggins (Pine Rivers), along with John Caric and Dave Richardson from relegated teams Rocklea United and Acacia Ridge.

On the player front there has been several significant and some quite surprising movements.

Brisbane City have done exceptionally well with Mark Battistin making a return home and the club securing former North Star players Shane Haddow and Nick Seeley, along with Mark Greer and Damien Waugh, formerly of Pine Rivers.

Rochedale have also made some key signings, with Andy and Eddie Lees moving across from Taringa and Darren Hillier leaving Willowburn to join the club.

One of the surprise movements is former Eastern Suburbs lynch-pin Denny Whitfield.

After a highly successful season last year, Whitfield has decided to make the move to Capalaba in Division 3. There he will join former Rochedale player Alan Prentice and possibly, veteran Wayne Corbett. *

EDITORIAL

It is with pleasure that I write this, my first Editorial for *Eye On Soccer*, after taking on the position of Media Liaison Officer for the QSF late last year. I look forward to meeting with the Queensland soccer fraternity over the forthcoming season and I would like to take this opportunity to encourage people to give us some feedback, and submit ideas, photos and other items that could be used for publication. With this in mind, we would particularly like to hear from people in the lower divisions, who have relevant material, as we would like to place a bit more emphasis on these divisions for future editions.

I would at this stage, also like to congratulate Brisbane City and Grange Thistle for their promotion into the League. Both teams did extremely well in Division 2 last year and appear ready to make their marks in the top grade. This weekend's competition will give a better indication as to how these teams will go this year. Grange Thistle will take on

Eastern Suburbs who struggled last year to stay in the XXXX League, while Brisbane City travel to Toowoomba where they will do battle with the Magpies. Probably the match of the round however would be the Grand Final replay between North Star and Taringa Rovers at Jack Speare Park on Friday night. A new look Taringa side would be eagerly awaiting their chance for revenge against a North Star team that has lost many of last year's stars.

This year *Eye On Soccer* will include a number of different items, including a regular feature, "READ between the LINES" by state representative Brent Read, which can be found on page 14 of this issue. Keep an eye out also for the odd historical feature. A "Where are they now?" section, in which *Eye On Soccer* takes a stroll down "memory lane", could also make an appearance now and then.

Eye On Soccer looks forward to the coming season and will endeavour to keep you up to date with the latest in Queensland soccer.

Clubs should be mindful of player insurance cover

Following advice given in an early edition of *Eye On Soccer* last year, confirming clubs' obligations to tell players in writing the extent of insurance taken out by them on players' behalf.

Clubs again are reminded of the necessity to undertake the same action to protect their legal interests.

The Queensland Soccer Federation insurance cover has been circulated separately to clubs and affiliates, with provided benefits including death and total or partial disability, loss of income, public liability, and non-

medicare expenses for players and officials, while involved in active association with the sport.

QSF General Manager Alan Vessey said, "Clubs must again realise they are obliged to inform players, in writing, of the level of insurance cover taken out by the club.

"Players can not be left to assume they are fully conversant with the degree of cover taken out on their behalf."

Players can however chase their clubs up to get the information they are entitled to. *

Lions wear the Silverboots

By Marco Monteverde

Host club Lions needed a penalty shoot-out to defeat a gallant Taringa side in the final of the Powerade Silverboot pre-season cup at Richlands on Sunday.

Soccer's dreaded version of Russian Roulette was required to separate the sides, who were level at 2-2 at the end of extra-time.

Misses from Brent Read and Wade Cannon proved costly for Taringa, who deserved to win the game in normal time.

Juan Cutillas' young guns showed they will again be a force this year, with Read, Cannon, and man-of-the-match Joel Douglas excelling throughout the match.

Surprisingly it was Lions who took the lead a minute before half-time, through captain Frank Mengotti, who capitalised on good work from Trent Able to head the ball home past an outstretched Jason Lucas in the Taringa goal.

Substitute Cannon almost equalised for Taringa six minutes after the break, having taken advantage of a huge Lucas clearance. His shot, however, hit the post, with Adam Lebihan well beaten in the Lions goal.

The equaliser eventually did come in the 66th minute, when new signing Steven Starr set up Douglas, who ran at the Lions defence before burying his shot in the corner of the net.

The game opened up after Douglas' goal, with both sides having opportunities to win the game.

Lions substitute David Munn was denied brilliantly by Lucas in the 71st minute. Lebihan in turn showed his worth seven minutes later boldly saving from Danny Stowers, who looked certain to score.

Bosnian import Zelko Vrbanjac could have settled the issue for the hosts in the 83rd minute, but his powerful header rocketed against the crossbar, after lead-up work from Simpson.

The scores were locked at one-all at full-time, with both sides, especially Lions looking extremely weary at the end of a torrid 90 minutes.

It was therefore no surprise to see Taringa take the lead three minutes into the first period of extra-time, when Starr and Read combined on the right to set up youngster Cannon, who calmly guided the ball past Lebihan, into the net.

Starr could have settled the issue for Taringa three minutes later after being set up by Read. His shot, however, with only Lebihan to beat sailed well over the bar.

Taringa were made to pay for missed opportunities when Trent Abel equalised for Lions in the 113th minute. Anthony Cotton chipped the ball over an oncoming Taringa defence, which fell beautifully for an unmarked Abel, who showed maturity beyond his years to tap the ball over Lucas, and slot it into the empty net.

Lions almost stole the game in the last minute of extra-time, with Vrbanjac producing a curling free-kick which brought out the best in Lucas.

His counterpart Lebihan starred in the shootout, denying both Read and Cannon to give Lions victory.

Lions coach Gordon Arrowsmith was disappointed with his side's showing.

"We played poorly. We weren't supporting the players on the ball," Arrowsmith said.

Cutillas, while upset to lose in such a way, praised his players.

"I'm very happy. I have a lot of youngsters who are very fast and fit," Cutillas said.

"We should have won easily, and we were missing players such as captain John Ogden."*

Qld Cup '95 bigger & better

The Queensland Cup keeps getting bigger and again will be one of the major events on the 1995 soccer calendar, following 2 successful years incorporating the revamped format.

The Cup, which was won by Rochedale Rovers last year, will again have \$10,000 prize money up for grabs, with the winner earning \$7,000 and the runner-up pocketing \$3,000.

QSF Secretary Jim Gilbert said there were 21 teams involved in this year's competition, including nine regional sides.

This is one more team than last year, the additional side coming from the Gold Coast, while promoted sides Brisbane City and Grange Thistle make their first appearances in the revamped Cup.

All 12 of the XXXX League clubs will make at least one trip to the country, with the final being staged at Perry Park in mid August.

"The Queensland Cup is a very prestigious Cup to win and it's a good thing for people in the country to see the XXXX League sides in action," Gilbert said.

"The Cup is also a great opportunity for Brisbane coaches to take a closer look at some of the excellent talent we have to offer in country areas throughout Queensland."

Indeed the country areas are getting more and more competitive each year, with Toowoomba and Far North Queensland particularly strong in recent years.

The groupings are:

GROUP 1
Far North Queensland
North Queensland
Wynnum District
Brisbane Lions

GROUP 2
Mackay
Rockhampton
Rochedale
Rovers
North Brisbane

GROUP 3
Bundaberg
Maryborough
Brisbane City
Pine Rivers

GROUP 4
Toowoomba
Coalstars
Willowburn
Grange Thistle

GROUP 5
Gold Coast
Sunshine Coast
North Star
Taringa Rovers
Eastern Suburbs

Grange and City back with a vengeance

Brisbane City and Grange Thistle make their respective comebacks to Queensland's premier League this weekend, and coaches Bob Hamilton and Danny Docherty are extremely confident their players will do the job for them this season.

The "brains" behind the return of Thistle was last year's coach Ken Stead.

Stead has since stood down from the coaching position, making way for Danny Docherty to take over as player/coach.

Docherty believes his team can and will make this year's top five.

"I think if we keep on battling throughout the season, we should be able to make the top five," Docherty said.

"We'll be relying a lot on our more experienced guys like Darren Bender, Shaun Sleep, and Steve Love, because naturally they've played in the XXXX League before.

"Because I have a lot of younger players I'll be bringing on throughout the season, I'm hoping these guys will be able to impart their experience and knowledge on these younger lads."

Docherty said he was not worried about the transition from Division 2 into the XXXX League.

Certainly, results in pre-season tournaments and trial matches indicate he has no cause for concern.

Besides copping a 7-0 thumping by the classy Russians in the North Star pre-season tournament, Grange have fared very well.

They thrashed the relegated Acacia Ridge 6-1, downed Gold Coast side Palm Beach 2-1,

and held last year's XXXX League finalists Taringa to a 0-0 draw, only to go down on penalties to miss out on a semi-finals spot in the Silver Boot Cup at Brisbane Lions.

City too has enjoyed a healthy preparation to its 1995 XXXX League campaign.

Early losses to Grange and Taringa were put aside, as Bob Hamilton's boys showed what they could do in the Silver Boot Cup, when they defeated Coalstars and Inala to reach the semi-finals, before bowing out to Taringa 2-1.

In another trial last Friday night at Spencer Park, City held Rochedale Rovers to a 2-2 draw.

Coach Bob Hamilton said he was extremely optimistic about the forthcoming season.

"We've been training well and despite a couple of interruptions with minor injuries, I believe we have a very promising season ahead," Hamilton said.

City have picked up some quality new faces this year, including Nick Seeley and Shane Haddow from North Star and Mark Greer and Damien Waugh from Pine Rivers.

Giant Striker Mark Battistin has also returned to his home club after a season on loan to North Star.

"The players we've picked up in the off-season combined with what we had, will stand us in good stead," Hamilton said.

"I'll be pretty disappointed if we don't finish in the top four of the competition.

"Our primary goal is to become one of the prominent state league side again.

"The club's simply aiming to just get back on the map again, but it would be nice to pick up some silverware on the way.

"In any case we're out to show people this year that we're back to stay." *

Rochedale Rovers a bunch of Pirates

Some clubs may say they have known this for years, but at a recent Gala Dinner, Rochedale made it official and proudly too.

The dinner was two fold, the President revealed to all, that the club which was founded in 1973 was to get a new name, logo and strip. Secondly to host a visit and talk by visiting Scottish soccer great Graeme Souness.

The dining room was resplendent with the tables decorated in club colours and each table boasting a large round ice bucket, full of liquid refreshments, waiting for the two hundred plus patrons who attended.

On hand for the evening were other notable guest speakers Charles Perkins, who was introduced as a former Socceroo, and Rale

The new logo that will adorn the new strip and battle ensigns of the Rochedale Rovers Pirates

Rasic, one of Australia's leading coaches, both of whom were entertaining.

Then, amidst a cloud of smoke from the end of the room emerged "Red Beard", their mascot and flag bearer of the new Rochedale Rovers Pirates. He was flanked by two enduring young ladies, who showed off the club's new home and away strips better than Kieran Cooper could.

In all it was a superb evening and a credit to the organisers for the obvious work put in. *

Youth Cup goes to Bris City

Brisbane City won the final of the Ampol Colts/Youth Cup, played at Wynnum Soccer Club last Friday night.

City took the cup after defeating Taringa Rovers 3-2 in a very entertaining affair.

Both teams were unbeaten in the early rounds of the competition and were equal favourites coming into the match.

Taringa were the first to score and then added another just before half time to go into the break 2-0 up.

From this position Rovers looked set to finish the job, however City came out a much more determined side in the second half.

It was not long before City pulled a goal back and then levelled the score, courtesy of some sustained pressure. *

Taringa seemed to regain some lost composure and put the pressure back on City in the latter stages of the match.

However with time running out and the prospect of a penalty shoot-out looming, City dug deep to find the winning goal just before full-time, to give them the 3-2 victory.

In the playoff for 3rd and 4th Wynnum 1 were trounced by Wynnum 2 by 4 goals to nil.

Incredibly, all four goals came from the boot of Owen Filewood.

The youngster's achievements did not go unrecognised as he was awarded the Best and Fairest trophy by the referees.

The Ampol Colts/Youth Cup, in its fourteenth year this year, took on a pre-season format, with seven teams competing. *

Cutillas reappointed as State coach

Juan Cutillas has received the nod by the Queensland Soccer Federation to take on the job of State coach for 1995.

President of the Queensland Soccer Federation, Wallace Dann, said Cutillas was appointed ahead of a number of other eminent local coaches.

"The Board took the time to interview each prospective coach, and ultimately decided on Juan Cutillas, as he had provided excellent service over the last four years," Dann said.

Cutillas takes the reigns for the fifth year running and said he was not all that surprised with the decision to reinstate him.

"I am very glad, but not really surprised by the decision," Cutillas said.

"I was very confident I would get the position because it was performance-based.

"I've coached the Queensland team for the past four years and I think in that time the results speak for themselves.

"Naturally I have made some mistakes in that time also, but the Queensland coaching job is very important to me, and I will be looking to learn from these."

Cutillas said he would be looking not only to get the desired results on the paddock, but also to introduce some younger talent into the State squad, and ensure the Queensland side played attacking, entertaining soccer so crowds would get their money's worth.

Wallace Dann, echoed Cutillas' sentiments.

"The state coach really has a 3-part role to play," Dann said.

"Firstly to get results, secondly to ensure people are treated to good entertaining football,

Juan Cutillas, in his fifth year as State coach will be looking to bring on some young blood this representative season

and finally to help young players come through to the representative ranks from time to time.

"Juan has showed in the past that his sides can play open football and he is dedicated to the job.

"Certainly he has the runs on the board in terms of past results. *

Before The Whistle

Endeavouring to forecast the fortunes of Clubs is always difficult, but to endeavour to look into the crystal ball for an entire season, is fraught with danger. However the major purpose of this column, is to identify all clubs, and if, in some instances, it causes those members to chuckle at my predictions, then so be it.

Due to the loss of a number of clubs through lack of senior representation or merger, has made it even more difficult in some Divisions, and it will be, in some instances, a case of using the proverbial pin to predict. However, nothing ventured, nothing gained.

DIVISION 2

Acacia Ridge having had a difficult 1994, will be anxious to regain XXXX League status at the first attempt, Beenleigh are always a tough nut to crack, will this be their year for promotion? Inala City, on paper, appear to be, yet again, a team destined for just outside the five, whilst newly promoted Logan City Kings will be out to impress, particularly seeing they now have new flood lights.

Mt Gravatt, are a question mark this year, whilst the same can be said for Nerang, very much an unknown quantity. For Olympic United, there are always on the fringe of promotion, yet not good enough to obtain that status. With Rocklea United, it could be a year for survival only, whilst Souths United could not possibly have such a traumatic year again.

In Toowoomba, St Albans, always in the shadow of their XXXX League neighbours, will be out to show that they too, should be up with the big ones. Whilst in Ipswich the newly

formed Ipswich St. Helens, could well be a force to be reckoned with in this Division, last (alphabetically) University due to its fluctuating membership, could again be a surprise team, but can they achieve their 1994 position?

DIVISION 3

This will be an even tougher Division predict, due to the influx of a number of high quality players into some clubs.

Albany Creek will be tough this year, and should reach the Semi's again, Annerley is an unknown quantity, and should be mid-table. The big movers in this Division will be Capalaba, their early results will definitely be a pointer to their long-term ambitions. Clairvaux may well find the step up a bit much, whilst Goodna look to be a good bet for mid-table yet again. Latrobe Athletic may struggle, whilst Mitchelton may not quite reach the heady heights of '94. Newmarket relegated from Division 2 could find Division 3 equally as difficult, as will promoted Redlands United, however for the latter club their new impetus from within may well sustain a Semi-Final challenge.

Slacks Creek may not necessarily reach a Semi-Final position but will be a tough nut to crack, whilst The Gap may surprise a few despite losing some players. North Pine only remained in this Division through the loss of Virginia, and may still find the step up too much.

DIVISION 4

Brothers, now back at Kangaroo Point, may trouble a few sides this year, whilst Darra United will have to prove themselves in the first three or four matches to justify their retention. Ipswich City could not be any worse than last year, whilst promoted Loganholme may find this a totally different proposition to Division 5. At Bellbowrie, Moggill United could well obtain mid-table status, whilst Southside Eagles may

even pick up the coveted second position this year. Oxley United, who obtained promotion by surprise, may find this a difficult year as will Pine Hills who only narrowly retained their status. On the Peninsula, Redcliffe City will do well this year, unlike last year's perpetual struggle, whilst in Samford, they may not be quite as successful. For the two South American clubs, South Star will struggle yet again, and the same could be said of Western Suburbs.

DIVISION 5

At Lota, Bayside United will do well this year as will newly promoted Browns Plains, who could surprise a few in their early matches. For Bethania and Greenbank the step up may well be a little high for them, however enthusiasm may carry them through the first Round. Goodna will probably struggle in this Division yet again, while the same certainly won't be said of Jimboomba or Olympic United, with the latter particularly out to impress. For Slacks Creek it could be another long year, whilst for Ipswich St. Helens this should be a good Division for them. Both The Gap and University will also have a good year yet again, whilst Woodridge, hopefully, have recruited since last season.

DIVISION 6

No specific previews at this stage, as this entire Division is made up of lower grade teams from Clubs in the higher Divisions.

DIVISION 7

New clubs in this Division involve Margate, Mooroondu and Park Ridge, with the team from the Peninsula expected to do well, despite a jump of two Divisions. For Mooroondu who certainly won well in Division 8 last year, this could well be a difficult year for them, however I feel they will have learnt a lot, and they are expected to do well again. For the team from Hubner Park, Park Ridge this could well be one Division too high at this stage, however time alone could prove me wrong, but to all of the these three clubs, the kudos in receiving promotion could be enough to entice their players to reach new heights, consequently good results, at least in the first round.

DIVISION 8

This is a difficult Division for any form of prediction, Kingsridge are the sole first team aspirants in this Division, and their promotion from sixth place in 9B last year maybe a little ambitious, but knowing the club as we do, they should do well. For the other teams, very much a lottery considering where the teams come from within their respective clubs.

DIVISION 9A

In the main, this consists of the fifth team from the XXXX League clubs, however Capalaba, Kingsridge, Margate and Pine Hills should certainly not feel outclassed, as many of the players in this Division are what could be termed as in their "veteran years".

DIVISION 9B

With Brisbane Lions almost having a mortgage on the two Division 9's, one would have to assume they will be taking out some form of honours in either of these, having said that, the mere social aspect and before-mentioned veteran stage, could well preclude anything of the sort. Nevertheless it is to be expected, and indeed hoped, that all teams participating in these two Divisions are playing for the sheer joy of the game, and not specifically playing for Premierships - Championships or Wembley Cup Finals, in every fixture.

POST SCRIPT

As mentioned at the head of this column, tipping is always a hazardous business, and judging by 1994's records, I probably won't be much better this year. As I have always stated, the major purpose of this column is to fully acknowledge and recognise the clubs in our so called "Lower Divisions" and to ensure that, whilst they are not necessarily getting metropolitan paper recognition, they are members of this Federation and do deserve recognition.

READ between the LINES

All the gossip with Brent Read

In an attempt to get down to the grass roots level of the XXXX League, *Eye On Soccer* is privileged to take on Queensland player Brent Read as a regular columnist this year. "Read between the Lines" will feature all the gossip from around the traps as well as an informed opinion about the state of the league as seen through the eyes of a player.

The league kicks off again this week and the off-season has seen an unheralded amount of player transfers, promising that this season will be one of the most competitive ever.

I've gazed into the crystal ball and produced some fearless predictions for the 1995 season. We'll start with last year's premiers.

North Star (15/1 to win premiership): After losing almost half of last year's grand final squad, coach Billy Williamson would have been delighted when Michael Brockwell returned after an aborted stint with Parramatta in the National League.

Lee Scriggins will also be welcomed back after playing in England; but this side won't repeat last year's banner year.

Taringa (13/2): After consecutive grand final appearances, Taringa will be hoping things really do come in threes. The loss of Eddie Lees and Andrew Brayshaw from last year's squad has been offset by the arrival of two Queensland representatives, Paul Worroll and Steve Starr.

Come September, they'll be thereabouts.

Brisbane Lions (13/2): Gordon Arrowsmith's side has been the form team of the pre-season, but come this weekend, that counts for nothing.

They've picked up Tony Cotton from Coalstars to compliment the ageless skills of Frank Mengotti in the midfield.

Certainties for the Top Five, they'll give the premiership a shake.

Rochedale (5/1): On paper, Rochedale are the team to beat in this year's competition, but premierships aren't won on paper.

Choosing to organise their own pre-season games, Kim Wishart's team is somewhat of a mystery although they've reportedly covered more ground than Burke and Wills on the training track.

The Lees brothers, Andy and Eddie, have taken their prodigious skills to Rochedale. Unfortunately, they've taken their ordinary haircuts with them too. Rumour has it their being personally sponsored by the local woolshed.

Along with Darren Hillier, they'll ensure Rochedale make the top Five.

Coalstars (15/1): Always the most eagerly anticipated away game in the league, this is one game where you make sure you packed your shinpads.

Wayne Warren's guided the side to consecutive semifinal appearances, but you get the feeling the loss of Tony Cotton and Mark Gilbert leaves a big hole in this side.

They may make the top five, but can't win the premiership.

Pine Rivers (20/1): 'As goes Clayton Koch, so goes Pine Rivers.' When Koch went down with a knee injury last year, Rivers went from the penthouse to the outhouse, eventually missing the five.

He's played sparingly in the pre-season and Rivers will need a full season from him if they're to have any chance. Next week, the rest. *

Award gets bigger for third year

Eye On Soccer's Player of the Year Award heads into its third year this season, and has expanded to include a runner up and a 3rd place getter for the first time.

The competition not only has taken on a new format, but has also taken on a new sponsor, Anfield Sports at Rochedale.

The award is being judged on a weekly basis with a 3-2-1 points system used for each XXXX League match.

Points will be accredited to players, whose name corresponds with the jersey number in Eye On Soccer, so it is important players wear their published number.

The winner will receive a trophy as well as \$500 worth of sporting goods from Anfield Sports, with the runner-up and 3rd place getter receiving \$300 and \$200 worth of goods.

Last year's winner was Rochedale's Kieran Cooper, who found the net on 24 occasions in the XXXX League last season, and added enough in the Queensland Cup to take his season tally to more than 30.

Anfield Sports is located at Rochedale Rovers SC and is owned by Dave Bearman.

Mr Bearman said he was extremely happy to take on the sponsorship of this year's Player of the Year Award.

"I don't think enough recognition is given to our players, so I think it's good to be able to become involved in an award such as this."

Mr Bearman added that his store offered everything a soccer player needed, from strapping and training equipment to the latest designs in international strips and supporters gear. *

TARINGA ROVERS v NORTH STAR

Jack Speare Pk, Indooroopilly, Friday March 10, 8.30pm
Referee - D Crawford

The Grand Final replay should be the match of the round, with Taringa set to avenge last year's defeat, with a new look side stacked with youth.

New North Star coach Billy Williamson has a lot to do to repeat last year's Grand Final win. He'll need a win here to give his side some confidence for the rest of the season.

MATCH WINNERS

Brothers Nadine and Rechat Mezensof have come up from West Adelaide with big wraps. This week we will be able to see what they can do.

North Star veteran Jim McDonagh will have a lot of responsibility on his shoulders following his club's mass exodus.

PINE RIVERS v BRISBANE LIONS

Wendy Allison Park, Strathpine, Saturday March 11, 7.00pm
Referee - B Hutchins

Pine Rivers will be looking to put behind them last year's off-field turmoil, with new coach Gerry Lindsay set to get '95 off to a good start on the field.

Lions are coming off a pre-season win in the Silver Boot Cup and would be full of confidence. Certainly they will be one of the teams to beat this year.

MATCH WINNERS

Following the loss of defender Mark Greer to Brisbane City, Rivers will be after a special effort from Graham Eden.

Zeljko Vrbanjac was in fine touch in the Silver Boot Cup scoring some great goals. He could tear Rivers apart.

COALSTARS v NORTH BRISBANE

Eric Evans Res, Bundamba, Saturday March 11, 7.00pm
Referee - B Power

Despite losing Mark Gilbert and Tony Cotton, Coalstars have had some key acquisitions in the off season, and word is they could be a dark horse this year.

North Brisbane are already being written off by many as no real threat. A win here would silence many of the club's critics.

MATCH WINNERS

Andrew King had a great season with the coalminers last year and he must repeat that sort of form if his side is to make the final five this year.

Willie Carter has remained with a struggling North Brisbane side, which will be looking for him to get amongst the goals.

GRANGE THISTLE v EASTERN SUBURBS

Wallace J Dann Oval, Grange, Saturday March 11, 6pm
Referee - G Brownlie

Newcomers Grange Thistle will be after a solid return to the XXXX League with a first up win. They have a great chance against a diminished Eastern Suburbs.

East goes into this match with a very small squad, and you would have to question the club's depth coming into the first round.

MATCH WINNERS

Danny Docherty will have his first test in his position as player/coach for Grange. His leadership skills will be greatly needed for Thistle to get their first win.

The experience of Stein Grodum and Chris Fegan at the back for Easts could be an inspiration to the side's younger players.

WYNNUM v ROCHEDALE ROVERS

Carmichael Park, Tingalpa, Saturday March 11, 6.00pm
Referee - E Kearney

Wynnum made a fairly stable start to the XXXX League last year, but will be out to consolidate this year. A win here would be the perfect start.

Rochedale had a terrible start to last season, which in the end cost them a finals spot. They understand first hand how important a good start to the season is.

MATCH WINNERS

Billy McDermott was Wynnum's solid rock last year. His influence in this match will be vital.

Former NSL player, Darren Hillier, will be looking to slot comfortably into his new club by making an impact early on.

WILLOWBURN v BRISBANE CITY

Bridge Street, Toowoomba, Sunday March 12, 2.45pm
Referee - D Prentice

Willowburn could struggle in this match, with many of their gun players from last season having left the club. What will be in their favour is the strong home ground advantage they enjoy.

City look like one of the quality sides in this year's competition, having acquired some big names in the pre-season. They will be hard to beat.

MATCH WINNERS

Little known new signing Steve Gray has been thrown into the deep end. This week we will see if he sinks or swims.
